

Forest School Site – Working Party

If you go down in the woods today, you're sure of a big surprise. You may not see any picnicking teddy bears, but you will discover our new Forest School site. A hard-working, enthusiastic and skilled group of volunteers spent time on Saturday 26th January preparing the area. Located in Penn Wood, the clearing has been transformed carefully and creatively by our impressive team.

We have marked out a clear pathway into our site. In the centre is the base camp for our Forest School explorers, with a circle of logs providing seating for all.

Overhanging branches and brambles have been cleared from around a long fallen tree, which can be traversed safely to reach its impressive roots and a small den at the far end.

A natural frame awaits children who would like to build a new, larger den near our base camp. The site's entire perimeter has been marked out clearly with fallen trees and branches.

We are looking forward to introducing the children of Manor Farm Infant School to the new site. We are sure that they are going to have lots of fun there. We would like to thank all of those parents and children who put their time and tools to such good use to help us develop the site.
