

Wendy Terry

With over 40-years of dedicated involvement in education, my passion lies in both early years and Special Educational Needs and Disabilities (SEND). Having raised three grown children who all attended Manor Farm campus, my commitment to education runs deep.

I worked for over 24-years for Manor Farm Pre-school, I served as the Leader and SENco for 18-years.

My extensive experience includes actively participating in committee's at county hall level, aimed at enhancing educational outcomes for schools across Buckinghamshire.

I firmly believe that early years and primary education form the cornerstone of a child's educational journey. It is during this crucial period that the foundations for lifelong learning and success are laid. My unwavering dedication to nurturing these foundational years stems from very early experiences volunteering in Sunday School and a local community youth clubs as a teenager.

Now retired, I am honoured to serve on the Manor Farm Infant School governing body. In this role, I am committed to collaborating with fellow governors and teaching staff to continually enhance outcomes for the school, children and the parents it serves. My passion for education and dedication to supporting young learners remains as strong as ever.

James Rycroft

I moved to Hazlemere in 2012 and live a 'stone's throw' away from the school playing fields. I have two boys; my eldest son attends Manor Farm Junior School and my youngest son is in Year 2 at Manor Farm Infant School. I became a Parent Governor in 2019 and recently became Co-Chair with Wendy Terry. I have zero educational experience, other than the fact that I went to school many years ago, but I was amazed by the passion and care that every member of staff at Manor Farm Infant School has for the education of the children.

I believe that every child has the right to fulfil their potential, whatever that may be, and the school motto; 'Together We Grow', struck a chord with me. I really enjoy supporting the staff and working with them to maximise the opportunities available to the children. Most importantly, I want to ensure the school remains a fun, safe place for children to learn and that they all have the chance to explore the world around them!

Emma Robertson

Hazlemere has been my home for 6 years and I love its genuine sense of community. I am a mummy to two children, my son attends Manor Farm Junior School and my daughter is in year 1 at Manor Farm Infant School. I became a co-opted governor in 2023 because I wanted to give something back to the school for the amazing pastoral care and fantastic learning opportunities that my children have received. I have been a primary school teacher for 17 years and have an interest in curriculum design and development. I enjoy working closely with the subject leaders to support the implementation of new schemes of work and monitoring the impact these are having. I believe that every child should have an equal opportunity to a good education and be given support to help them achieve their best. As a governor, I will ensure that the school are offering these opportunities to our children in an environment where children and staff feel happy and safe to learn/ work.

Chris Hoggett

I left High Wycombe RGS many years ago now, and after graduating from University gravitated back to the area after getting married. When my son started school I took the opportunity to be a parent governor and stayed there for eight years, latterly in the role of LA governor. Having spent all my working life in Marketing, PR and sales analysis, I ended up working as an invigilator and then Exam Manager at Bourne End Academy after retiring but have now fully retired. Now fully retired I enjoy walking, wood carving, genealogy, watching Flackwell Heath football club, travelling and going to the theatre. I recently started coming in to read with Year 2 and soon realised what a lovely school it was with good teachers and fully engaged children. I hope that I can add something different to the mix of governors which will benefit the school.

Sarah Winfield

My association with Manor Farm Infant school began many years ago when my son, now 28 started in Reception. He was followed a few years later by my younger son. They, and we as a family, have very many happy memories of the years they spent at Manor Farm Infant School. During this time I was working at Manor Farm Pre-school progressing from a parent helper to joint deputy head. It was during my time as a parent helper I

realized I wished to begin a career in Early Years and so the journey began. After remaining at Manor Farm Pre-school for 10 years I moved to an independent school for a further 10 years in their Early Years department taking on the deputy manager and SENco roles. I decided 2 years ago to move away from school life and have since then been working for Buckinghamshire Family Learning. When the opportunity to become a co-opted governor at Manor Farm arose I remembered the great experiences, opportunities and memories my children have and the solid foundation they received to achieve what they have done so far. I believe every child should have the same experience, opportunities and happy memories and as a governor I feel best placed to do this.
