

## Pupil Premium 2019-20

During this year £21,120.00 was allocated to the school through Pupil Premium.

Schools receive a payment, or Pupil Premium, for each child who is registered for free school meals and those who have been in continuous care for six months or more - £1,320 for the previous four years. From April 2012 the Pupil Premium was extended to include children who have been eligible for FSM at any point in the last six years.

Schools receive £300 for pupils whose parents are serving in the armed forces.

The 7 % of pupils in the school who are receiving free school meals, have received free school meals in one or more of the previous 6 years (Ever 6), or are a child looked after, or a child from service personnel.

The Pupil Premium has been used in a variety of ways to impact positively on pupil achievement and engagement.

What was the premium used for?	% spent on this element
Engagement weekly interventions	13%
Out of school activities	4%
Speech Link Training	4%
Craft materials	2%
LSA small group support	25%
1:1 support spread across school	16%
Family Support	9%
Forest schools	8%
Book Trust	11%
Emotional literacy support	8%

Progress for all children is carefully monitored and interventions used to meet the pupils needs. Regular meetings have also taken place between the PP co-ordinator and SENDCO to monitor children closely.

Data has indicated that there are gaps in children's language acquisition. Exposure of language through key words relating to topics, reading and pre-teaching of vocabulary 1:1 or in small groups has been focussed on this year. We also trained staff to use Speech Link as a resource for diagnosing and providing appropriate interventions for children with language and communication needs.

Progress and attainment in maths has been a focus with an emphasis on quality first teaching, addressing gaps in learning and misconceptions, pre teaching vocabulary and targeted individual and group support.

The Booktrust has been positively received by families and provided increased opportunity for home learning.

Parents have continued to report that they have received positive family support as appropriate.

A recently trained TA has continued to deliver ELSA. These sessions continue to encourage children to deal with their emotions in a positive manner and this has been a valuable way to help pupils become more resilient in their learning.

Forest School has continued to take place which has a positive impact on children's learning and experiences.

### Impact on attainment and progress

Good level of development at end of reception
